Full Stack(MERN), HTML, CSS, JavaScript
PHP

Mobile Development

Flutter (Framework), Android App
Development(Java)

Database Management

SQL(PostgreSQL, MYSQL)

Tools

VS Code, Git, PyCharm, Power BI, MS
Office

SOFT SKILLS

Problem Solving

Teamwork

Communication

Adaptability

Time Management

passionate to learn new technologies

LANGUAGES

- English
- French
- Tamil
- Malayalam

CAREER OBJECTIVE

To start my career in the IT industry where I can apply my knowledge of programming, web development, and database technologies to build efficient and innovative solutions. I am eager to learn new technologies, enhance my technical and problem-solving skills, and contribute effectively to the growth and success of the organization while developing myself as a professional software developer.

PROJECTS

BUS SAFETY

- Developed a real-time bus safety system with integrated accident detection, over-speed alerts, and automatic door locking, reducing accident detection time and improving response time by 25%. Utilized SOAP protocol to ensure smooth communication and data synchronization.
- https://github.com/Nandanad3/BUS_SAFETY_PROJECT.git
- Python-Flask | Flutter | Sensors | IOT | MySQL

WEB JOB PORTAL

- Developed a web-based job portal using MERN Stack where users can browse job listings, apply, and manage applications, while admins can add, update, or delete listings while ensuring seamless user experience and secure data handling.
- <https://github.com/Nandanad3/JobPortal.git>
- MongoDB | Express.js | React.js | Node.js

INTERNSHIP

FULL STACK DEVELOPMENT (MERN)

Dec 2024 - Jan 2025

ICT Academy of Kerala

- Developed web applications using MERN stack, showcasing problem solving and collaborative teamwork.
- Enhanced project reporting and troubleshooting processes to streamline operations.

CERTIFICATIONS

- Cyber Security And Ethical Hacking | Tech-By Heart, Kochi | 2023
